

THAI STYLE HOT COMPRESS MASSAGE

This Thai-Style Massage incorporates herbal heat compresses for a fantastic traditional yet modern body and facial treatment to deliver a wonderfully powerful body purifying and detoxifying treatment.

Once the tools of traditional Thai healers, the compresses are praised for their holistic approach, treating the mind, body and spirit to improve the body's capabilities of self-healing. The compresses contain over 14 traditional Thai herbs including Kaffir, Lime, Turmeric and Lemongrass—all herbs renowned for their invigorating and purifying properties, plus camphor and menthol to ease respiration.

They are heated in the purpose designed Thai-Style steamer and used on the body with luxurious hot blends of essential oils.

The treatment purifies, relaxes, relieves aches and pains and improves the skin condition whilst stimulating the senses. If you like Th. Hot Stone Massage you will **LOVE** this fabulous treatment.

Full Body £50.00 (75 mins)

Back £30.00 (30 mins)
